RHINESTONE MACHINES

NO AIR COMPRESSOR REQUIRED

6 Color Automatic Rhinestone Machine

The finest in rhinestone setting equipment

A Fast, Easy and Affordable Way To Create Custom Rhinestone Designs. Call for current price - it's less than you might think!

Now more than ever is a great time to make profits with Rhinestone Transfers. You can provide schools, organizations, clubs, businesses, teams and more with the unique look of rhinestone motifs. Rhinestone setting is now faster, easier, and more affordable with the DECOR line of Automatic Rhinestone Machines. Easily add the special touch of sparkle to any garment!

The DECOR Rhinestone Setter allows you to quickly and easily change the size and color of the stones. The large working area makes it perfect for large, intricate designs, or multiple smaller designs on the same transfer sheet.

After the DECOR has set the stones to transfer paper, you just heat-transfer the design to the garment – it's that easy! All rhinestone machines include the NCK 2D Rhinestone design software, which allows you to easily create your own designs in rhinestones or metal studs.

NO AIR COMPRESSOR REQUIRED

Built-in Vacuum Pump

- Completely eliminates the need for an Air Compressor
- Extremely quiet!
